Liz uses electroencephalography (EEG) technology to measure electrical activity of the brain. Find her story and others' on our student profile pages! [Read more here.](#)

Registering for Classes? Check Out CEWiT's Repository of Technology Courses

CEWiT has compiled a list of technology and computing courses available on the IUB campus. As you begin to think about what courses you want to take next year, we encourage you to consider enrolling in one of these classes. [Read more here.](#)

Know a high school-aged woman? Encourage her to apply for the Indiana Award for Aspirations in Computing!

High School-aged women in the state of Indiana are encouraged to apply for the Indiana Award for Aspirations in Computing. This award, sponsored and administrated by CEWiT, honors young women at the high-school level for their computing-related aspirations and interests. Awardees are selected for their leadership ability, academic history, plans for post-secondary education, and tech aspirations. Applicants do not necessarily have to be highly-adept with computing and IT, but should wish to become so. [Read more here.](#)

Read how CEWiT Alumnae Alliance Member Anna Saraceno settled in Indianapolis after graduation

CEWiT alumnae Alliance member Anna Saraceno's journey from her home in St. Louis to her hiring in Indianapolis was recently featured in TechPoint's online eNewsletter. [Read more here.](#)
