Hello fellow techie women! Here is the newsletter for the week of February 16th.

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

WESiT is pleased to host the following events:

**Excel Workshop**
Microsoft Excel is one of the most powerful and versatile business tools, but if you're not familiar with its basic functions, formulas, commands and keystrokes, you will end up giving up in frustration and disappointment. This workshop will explain the functional uses of Excel in everyday personal and professional life, especially for students who have not used Excel before. We will introduce the different applications of Excel, such as data analysis (graphs, tables, etc.), managing finances (personal or business-related), scheduling, and project management. We will also address helpful hints when using Excel: formatting, common functions (sum, count, etc.), and lesser-known, useful functions (if, text functions, etc.)

**Date:** Tuesday, February 17th  
**Time:** 7:00 - 8:00pm  
**Where:** Informatics West 109  
**RSVP:** [HERE](#)

**Beginner Adobe Illustrator Workshop with Daniel McDeavitt**
We are hosting an Adobe Illustrator workshop for beginners on February 28th in Lindley Hall 035 at 7pm. This workshop will give you a broad overview about the tools and skills you need to complete your own Illustrator projects and will be taught by Daniel McDeavitt.

**Date:** Wednesday, February 18th  
**Time:** 7:00pm  
**Where:** Lindley Hall 035  
**RSVP:** [HERE](#)

**NEW Web Development Workshop: The Wonders of Weebly**
Make a website in less than five minutes without any coding. Our upcoming workshop, The Wonders of Weebly, will be introducing how to make a fluid website that is easy to use and beautiful to see. Join us for Part I of our Web Development Workshop Series, Develop Beautifully, to learn quick tricks that will get you, or your group, a creative website that you're proud to call your own, with just a few clicks.

**Date:** Thursday, February 19th  
**Time:** 7:00 - 9:00pm  
**Where:** Herman B. Wells library Room 503  
**RSVP:** [HERE](#)

**NEW WESiT's February General Meeting!**
Don't forget to come out to this month's general meeting! Come and enjoy doughnuts, the company of friends, and a presentation by representatives from the MSIS graduate program from the Kelley School of Business. Also, we will have a special tech demo with the Google Glass, so come and try them out! See you all then!

**Date:** Monday, February 23rd  
**Time:** 7:00 - 8:00pm  
**Where:** Informatics West 150  
**RSVP:** [HERE](#)

**Epic Information Session**
If you'd like a career that is both challenging and meaningful, consider Epic, a worldwide leader in electronic health records. They create and implement integrated software products for many of the largest healthcare organizations in the US, including Kaiser Permanente, Stanford, Yale, and they are expanding overseas. Currently, 54% of Americans are taken care of by physicians who use Epic software. They are now hiring for several technical teams, including Technical Services and Software Development.

**Date:** Tuesday, February 24th  
**Time:** 6:00 - 7:30pm  
**Where:** Informatics West 107  
**RSVP:** [HERE](#)

~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~

The following events and activities may also be of interest:

**Informatics & Computing Student Association CATALYST Conference**
The Informatics & Computing Student Association (ICSA) is presenting CATALYST, a workshop-style event that aims to provide SoIC undergrads with knowledge on a variety of topics including student marketability, technical development, professor research, and future opportunities. The goal of CATALYST is to “Spark the Potential” of the talented and forward looking students in SoIC. Speakers from Google, Textron Aviations, PwC, Kohl's, and SoIC's professors and faculty will present at the event. CATALYST is free and includes a full day of workshops, a keynote speaker, and dinner. Direct questions to Steven Chen.

**Date:** Friday, February 20th  
**Time:** 3:30-7:30PM  
**More information:** [www.icsacatalyst.com](http://www.icsacatalyst.com)
Hack Night with Code for America's Bloomington Brigade
Are you a thinker, learner, leader, or someone who wants to make a difference? Code for America’s Bloomington Brigade’s purpose is to connect local government with a group of technology-minded individuals who want to see a change in their community. Come to the first Hack Night, February 21st in Informatics 150 at 4pm where we will introduce issues within the local government and get thinking of potential tech solutions. No previous coding skills or local government knowledge necessary. Baked cookies will be provided. Contact Angely Philip with any questions.

Date: Saturday, February 21st
Time: 4:00pm
Where: Informatics West 150
RSVP: HERE

Kinney Group recruiting on campus
Kinney Group is hosting an Information Session on campus on Tuesday, February 24th. Jenny Miller, a recruiter from Kinney, has personally invited women from CEWIT to attend the event. The company have several women in leadership roles at Kinney, including their VP of Engineering, VP of People Operations, and Sales Manager (2/3 of them are IU Alumni). Attend to learn more about more information and opportunities with Kinney Group.

Date: Tuesday, February 24
Time: 5:30pm - 6:30pm
Location: HH 213 (Kelley School of Business)

Deloitte Technology Women's Initiative: Careers in Technology Consulting
The Technology Women’s Initiative (WIN) from Deloitte Consulting will be holding an event that will give students a chance to learn firsthand how technology and business come together and what it’s like to work as a woman in a technology field by networking with female practitioners from Deloitte Consulting’s Technology practice. The event will consist of an informational session, keynote speaker, and interactive case workshop. Lunch will also be provided, and a networking session will follow the event. Click HERE for more information.

Date: Friday, February 27
Time: 11:00am - 3:00pm
Location: Kelley School of Business

NEW! Free Classes through Bloomington Code School
Bloomington Code School, a program of the Bloomington Technology Partnership, is offering free classes in web design, front end web development, PHP development and mobile app development beginning March 2nd. The sessions will meet weekly for 11 weeks and will be guided by local mentors who work in the tech sector. More information and information about registering can be found HERE.

L'Oréal USA for Women in Science Fellowship Program
The L’Oréal For Women in Science program recognizes and rewards the contributions women make in STEM fields and identifies exceptional women researchers committed to serving as role models for younger generations. More than 2,000 women scientists in over 100 countries have been recognized since the program began in 1998. The program will award 5 post-doctoral women scientists in the US this year with grants of up to $60,000 each. Applicants from a variety of fields including technology, engineering, and mathematics are encouraged to apply HERE. The deadline is March 20th.

Girls Who Code is Hiring Paid Teaching Staff
Gearing up for the 2015 Summer Immersion Program, the national non-profit Girls Who Code is looking to triple its teaching staff across the country. They are looking for empathetic and enthusiastic women and men with technical backgrounds. Apply HERE for hundreds of available paid Teacher and Teaching Assistant positions. Click HERE for more information.

CB Insights is Hiring
CB Insights is a data and analytics company that tracks private companies, the emerging industries they compete in, and their investors (venture capitalists, private equity firms, angel investors, governments, etc) and acquirers. They are currently hiring for multiple positions including Software Engineer, Tech Industry Analyst, Front End Developer, etc. Click HERE for more details.

NCWIT Collegiate Award
The NCWIT Collegiate Award honors outstanding undergraduate women for their computing and technical accomplishments. Awarded receive $7500 cash and a trip to the award ceremony to the annual NCWIT Summit in Hilton Head, South Carolina. Applicants must be a member of the NCWIT Aspirations in Computing Community (apply to be member of that community HERE), a junior or senior in college, and a computing major. Apply HERE today!

Join our Private Facebook Group, WESiT Discussion!!
This private Facebook group has been created to allow us to discuss relevant topics, upcoming and past events, or even just mingle with fellow members! We will be able to communicate more frequently and on specific topics with the WESiT Discussion page; however, still like us at facebook.com/lsees!

Keep up with WESiT Events via our Google Calendar!
