Grainger Job Shadow Opportunity
Grainger will be holding a job shadow opportunity on Monday, May 11 (the Monday after finals end). Students who participate will spend the day shadowing Enterprise Systems (IT) team members at Grainger’s Lake Forest, IL office (a northern suburb of Chicago). They will learn about Grainger, gain a deeper understanding of the IT jobs they shadow, and also get to meet some executive leaders. It’s a great pipeline to Grainger’s intern program, and Grainger hopes to recruit some of these job shadow participants as interns for the following summer. Please check [Kelley's USCO site](#) for the posting, which is called “Job Shadow Day (Enterprise Systems) – May 11”, and the ID for the posting is 8663. Students must apply for the job shadow through the UCSO. Grainger is targeting freshmen and sophomores.

Careers with Epic
Epic has openings in both technical and non-technical roles. Join other Indiana University grads and make an impact on 54% of the patient population in the United States. Epic’s work is challenging and rewarding and its “do good” mission is truly at the heart of what it does - help its customers improve the healthcare industry. Epic are hiring bright, motivated students upon graduation, and we encourage you to upload your resume at [careers.epic.com](#).

Here is a snapshot of Epic’s open position for technical roles:

- **Software Developer:** Full cycle development with meaningful work from day one.
- **Business Intelligence development:** Help our customers with “Big Data” in hospitals and clinics.
- **Integration Engineers:** Help Epic and other software talk to each other for a customer.
- **Technical Problem Solver:** Jack of all trades, writing code, troubleshooting, project planning, customer support for 3 or 4 clients.

Open positions for Epic’s non-technical roles:

- **Quality Assurance:** Test our software from a medical professional’s perspective to make sure it’s efficient, intuitive and mistake free. First we use it right, and then we use it wrong.
- **Project Managers:** Help our customers set up the software, partnering with the customer, problem solving, etc.to ensure the success of the install.
- **Technical Writer:** Serve as a translator between our developers and end users by creating documentation to accompany our world class software.

CDW Sales Summer Internship
CDW’s first formal summer sales internship is scheduled to launch June 1 – August 7, 2015. The program was thoughtfully designed to expose the interns to CDW's capabilities and immerse them in the core phases of the sales cycle. They will also learn the secret sauce to CDW's continued industry leading financial performance. And of course—have some fun. What great internship isn’t fun? They are currently accepting applications for students that graduate in December 2015 or May 2016 and are interested in pursuing sales careers. See their [website](#) for more information.
