Hello fellow techie women! Here is the newsletter for the week of April 20th.

~~~~~~~ WESIT and CEWIT News and Events ~~~~~~~~

The 2015-16 WESIT Executive Board!!
The survey to elect your candidates for the executive board closed on Friday night and the results are in! We are excited to announce the 2015-16 WESIT Executive Board! The next step will be for the new and old executive board to select director positions from our current candidates.

Treasurer: Isabel Hubeny
Secretary: Mackenzie Swain
Undergraduate Co-Chair: Hannah Ripley
Master’s Co-Chair: Diya Singhal
PhD Co-Chair: Christine Haish

Interested in Another Video Game Event?
Would you be interested in having a video game party in the IQ room of the Mathers Museum or the Cyberinfrastructure Building? It would potentially take place on the evening of Wednesday, April 29th of dead week. The IQ rooms across campus have a wall of large screens, and we have access to a couple of smaller screens to accommodate multiple gaming consoles. We hosted a similar event last semester in the IQ room of Wells Library, and we played on various consoles such as the Xbox One and Gamecube and had tons of games like Super Smash Bros, Halo, and Kinect Sports. If you are interested, even if the date and time does not work for you, please fill out THIS survey!

The Feminist Student Association’s Annual Slut Walk
The Feminist Student Association will be holding its annual Slut Walk on April 23rd in Dunn Meadow, and WESIT will be tabling at the event! To give a brief rundown, Slut Walk rallies focus on dismantling the pervasive rape culture that accepts and normalizes slut-shaming and victim-blaming. In keeping with the message of Slut Walk, our event will feature sign making, speakers, slut statements, and (hopefully) spoken word–culminating in a march around downtown Bloomington. Check out their Facebook event!

Date: Thursday, April 23
Time: 6:30pm
Where: Dunn Meadow

Truth Values: One Girl’s Romp Through M.I.T.’s Male Math Maze
Truth Values: One Girl’s Romp Through M.I.T.’s Male Math Maze is a 75-minute one-woman play that will be performed on campus Tuesday, April 28th. The play, sponsored by the College of Arts and Sciences, the Provost's Office and the Department of Mathematics, addresses an artist's actual experience as a woman in a male-dominated science field. CEWIT will host a pre-show tea with refreshments and networking at 6:30pm in the lobby of the Wells-Metz Theater, with the play beginning at 7:30pm. Immediately following the play, there will be a discussion panel consisting of IU scientists, science advocates, and the actor/artist, Gioia DiCari that will be moderated by CEWIT Faculty Leadership Team Member and SPEA Associate Professor Beth Cate. (See this flyer for more information) The event is free, but ticketed. Contact jotracy@iu.edu for tickets.

Date: Tuesday, April 28th
Time: 6:30pm
Where: Wells-Metz Theatre, 275 N. Jordan Avenue (inside the Neal-Marshall Black Culture Center)

IUWebsig Coffee and Code
Come to the IMU to sip on delicious coffee with IUWebsig on Wednesday April 30th from 5-7 pm. Bring any tech project you're working on, start a new tech project or just come to converse and drink coffee. It's your choice! See this flyer for more information. Just RSVP here and we will see you then!

Date: Thursday, April 30th
Time: 5:00-7:00pm
Where: IMU Starbucks

CEWIT is hiring!
The Indiana University Center of Excellence for Women in Technology (CEWIT) is hiring for the following position the 2015-2016 school year. More information can be found HERE.

- Graduate Assistant: This person will report to the Program Manager and work closely with the Director, as well as the faculty, staff, and student alliances. Duties of this position include, but are not limited to assisting Program Manager with administrative duties, such as sending communications, researching resources, maintaining the mailing list, and planning events; researching, creating, and coding (HTML) content for the CEWIT website and eNewsletter; assisting with coordination the Techie Women Have More... Conference, and representing CEWIT at campus events and programs. Please submit a resume, cover letter, and a link to online portfolio (if you have one) to Jenny Hertel at jlb3@iu.edu.

Grainger Job Shadow Opportunity
Grainger will be holding a job shadow opportunity on Monday, May 11 (the Monday after finals end). Students who participate will spend the day shadowing Enterprise Systems (IT) team members at Grainger’s Lake Forest, IL office (a northern suburb of Chicago). They will learn about Grainger, gain a deeper understanding of the IT jobs they shadow, and also get to meet some executive leaders. It’s a great pipeline to Grainger’s intern program, and Grainger hopes to recruit some of these job shadow participants as interns for the following summer. Please check Kelley's USCO site for the posting, which is called “Job Shadow Day (Enterprise Systems) – May 11”, and the ID for the posting is 8853. Students must apply for the job shadow through the UCSO. Grainger is targeting freshmen and sophomores.

Careers with Epic
Epic has openings in both technical and non-technical roles. Join other Indiana University grads and make an impact on 54% of the patient
population in the United States. Epic's work is challenging and rewarding and its “do good” mission is truly at the heart of what it does - help its customers improve the healthcare industry. Epic are hiring bright, motivated students upon graduation, and we encourage you to upload your resume at careers.epic.com.

Here is a snapshot of Epic's open position for technical roles:

- **Software Developer**: Full cycle development with meaningful work from day one.
- **Business Intelligence development**: Help our customers with “Big Data” in hospitals and clinics.
- **Integration Engineers**: Help Epic and other software talk to each other for a customer.
- **Technical Problem Solver**: Jack of all trades, writing code, troubleshooting, project planning, customer support for 3 or 4 clients.

Open positions for Epic's non-technical roles:

- **Quality Assurance**: Test our software from a medical professional's perspective to make sure it's efficient, intuitive and mistake free. First we use it right, and then we use it wrong.
- **Project Managers**: Help our customers set up the software, partnering with the customer, problem solving, etc. to ensure the success of the install.
- **Technical Writer**: Serve as a translator between our developers and end users by creating documentation to accompany our world class software.

**CDW Sales Summer Internship**
CDW’s first formal summer sales internship is scheduled to launch June 1 – August 7, 2015. The program was thoughtfully designed to expose the interns to CDW’s capabilities and immerse them in the core phases of the sales cycle. They will also learn the secret sauce to CDW’s continued industry leading financial performance. And of course—have some fun. What great internship isn’t fun? They are currently accepting applications for students that graduate in December 2015 or May 2016 and are interested in pursuing sales careers. See their website for more information.
