Hello fellow techie women! Here is the newsletter for the week of April 27th, which will be the last issue of the semester. We hope you have a great summer!

~~~~~~~~~~ WESIT and CEWIT News and Events ~~~~~~~~~~

The 2015-16 WESIT Executive Board!!

The survey to elect your candidates for the executive board closed on Friday night and the results are in! We are excited to announce the 2015-16 WESIT Executive Board! We are still in the process of filling director positions from our current candidates.

Treasurer: Isabel Hubeny
Secretary: Shannon Grimm
Undergraduate Co-Chair: Hannah Ripley
Master’s Co-Chair: Divya Singhal
PhD Co-Chair: Christine Hsieh

Cancelled - Video Game Event

Sorry everyone, we say this with deep regret, but we are unable to host the video game social this semester due to logistical issues. We hope you have a productive week and good luck on your finals!

TODAY! Truth Values: One Girl’s Romp Through M.I.T.’s Male Math Maze

Truth Values: One Girl’s Romp Through M.I.T.’s Male Math Maze is a 75-minute one-woman play that will be performed on campus Tuesday, April 28th. The play, sponsored by the College of Arts and Sciences, the Provost's Office and the Department of Mathematics, addresses an artist’s actual experience as a woman in a male-dominated science field. CEWIT will host a pre-show tea with refreshments and networking at 6:30pm in the lobby of the Wells-Metz Theater, with the play beginning at 7:30pm. Immediately following the play, there will be a discussion panel consisting of IU scientists, science advocates, and the actor/artist, Gioia DiCari that will be moderated by CEWIT Faculty Leadership Team Member and SPEA Associate Professor Beth Cate. (See this flyer for more information) The event is free.

Date: TODAY Tuesday, April 28th
Time: 6:30pm
Where: Wells-Metz Theatre, 275 N. Jordan Avenue (inside the Neal-Marshall Black Culture Center)

IUWebsig Coffee and Code THURSDAY

Come to the IMU to sip on delicious coffee with IUWebsig on Thursday, April 30th from 5-7 pm. Bring any tech project you’re working on, start a new tech project or just come to converse and drink coffee. It's your choice! See this flyer for more information. Just RSVP here and we will see you then!

Date: Thursday, April 30th
Time: 5:00-7:00pm
Where: IMU Starbucks

CEWIT is hiring!

The Indiana University Center of Excellence for Women in Technology (CEWIT) is hiring for the following position the 2015-2016 school year. More information can be found HERE.

- Graduate Assistant: This person will report to the Program Manager and work closely with the Director, as well as the faculty, staff, and student alliances. Duties of this position include, but are not limited to assisting Program Manager with administrative duties, such as sending communications, researching resources, maintaining the mailing list, and planning events; researching, creating, and coding (HTML) content for the CEWIT website and eNewsletter; assisting with coordination the Techie Women Have More... Conference, and representing CEWIT at campus events and programs. Please submit a resume, cover letter, and a link to online portfolio (if you have one) to Jenny Hertel at jlb3@iu.edu.

~~~~~~~~~~ Other News and Events ~~~~~~~~~~

Summer of Networking

The 2015 Summer of Networking is a hands-on program focused on innovative network technology in the context of current problems and solutions in data centers, large enterprises, and wide-area networks. The course content features a mix of network fundamentals and recent trends in network technology, with an emphasis on Software Defined Networks. No prior network experience is required. The Summer of Networking program will be offered as a for-credit course through the Indiana University School of Informatics and Computing in Bloomington, Indiana. The courses will be held June 22 – July 31, 2015, during the second six-week summer session. The course is available to both IU students and individuals not currently enrolled at IU. If you are already an IU student, register for these classes as you would for any other summer session class. If you are not currently an IU student, you may register for these classes as either a degree seeking or non-degree seeking student. See their website for more information.

Grainger Job Shadow Opportunity

Grainger will be holding a job shadow opportunity on Monday, May 11 (the Monday after finals end). Students who participate will spend the day shadowing Enterprise Systems (IT) team members at Grainger’s Lake Forest, IL office (a northern suburb of Chicago). They will learn about Grainger, gain a deeper understanding of the IT jobs they shadow, and also get to meet some executive leaders. It’s a great pipeline to Grainger’s intern program, and Grainger hopes to recruit some of these job shadow participants as interns for the following summer. Please check Kelley’s USCO site for the posting, which is called "Job Shadow Day (Enterprise Systems) – May 11", and the ID for the posting is 8663. Students must apply for the job shadow through the UCSCO. Grainger is targeting freshmen and sophomores.

Careers with Epic

Epic has openings in both technical and non-technical roles. Join other Indiana University grads and make an impact on 54% of the patient population in the United States. Epic’s work is challenging and rewarding and its “do good” mission is truly at the heart of what it does - help its customers improve the healthcare industry. Epic are hiring bright, motivated students upon graduation, and we encourage you to upload your resume at careers.epic.com.
Here is a snapshot of Epic’s open position for technical roles:

- **Software Developer**: Full cycle development with meaningful work from day one.
- **Business Intelligence development**: Help our customers with “Big Data” in hospitals and clinics.
- **Integration Engineers**: Help Epic and other software talk to each other for a customer.
- **Technical Problem Solver**: Jack of all trades, writing code, troubleshooting, project planning, customer support for 3 or 4 clients.

Open positions for Epic’s non-technical roles:

- **Quality Assurance**: Test our software from a medical professional’s perspective to make sure it’s efficient, intuitive and mistake free. First we use it right, and then we use it wrong.
- **Project Managers**: Help our customers set up the software, partnering with the customer, problem solving, etc. to ensure the success of the install.
- **Technical Writer**: Serve as a translator between our developers and end users by creating documentation to accompany our world class software.

**CDW Sales Summer Internship**

CDW’s first formal summer sales internship is scheduled to launch June 1 – August 7, 2015. The program was thoughtfully designed to expose the interns to CDW’s capabilities and immerse them in the core phases of the sales cycle. They will also learn the secret sauce to CDW’s continued industry leading financial performance. And of course—have some fun. What great internship isn’t fun? They are currently accepting applications for students that graduate in December 2015 or May 2016 and are interested in pursuing sales careers. See their [website](#) for more information.
